

WOOD GUARD INSURANCE

The forestry and wood products industry contains many risks for business owners, operators, and employees. Not only is fire a real threat, but machinery and equipment must operate in environments containing high levels of dirt, dust, and debris.

To help protect Aboriginal business owners, AIS offers a customized insurance package that includes a range of products tailored to meet the unique requirements of the forestry and wood products industry.

Types of businesses we can cover include:

- » Sawmills, planer, veneer mills
- » Furniture manufacturers
- » Lumber treating facilities
- » Dry kiln processes
- » Lumber yards and retail lumber facilities
- » Log and prefab home manufacturers
- » Logging operations
- » Pulp and paper manufacturing
- » Transportation by road, rail, or water
- » Related aviation and marine operations

Aboriginal Insurance Services has the expertise and insurance knowledge to properly assess the risks and exposures of your business, advise on the most suitable policies, insure there are no gaps in coverage, and provide you a unique package that is specific to you and your business.

As well as the standard coverage options, our specialized programs includes specific forestry related options such as:

- » Downed timber insurance
- » Pollution and/or environmental liability
- » Disaster recovery planning
- » Political risk insurance
- » And many more...
